"Lue" is one of our quiet students and always has her work done on time. She is seldom noticed until the ranks are read. Her willingness to help others is only one of her fine qualities.

IDA MAE BUKER St. Albans "Idy"
Vocational

Basketball 1, 2, 3, 4; Letter 2, 3, 4; Softball 1, 2, 3, 4; Letter 1, 2, 3, 4; Orchestra 1, 2, 3, 4; F.H.A. 2, 3, 4; Historian 3; Secretary 4; Glee Club 1, 2, 3, 4; Senior Play 4; A.A. 3, 4; Secretary-Treasurer 3; Secretary 4; Office 1, 2, 3; Winter Carnival Queen Candidate 3; Ripple Board 4; Ass't. Alumni Editor; Latin Club 1.

Ida's interests run from boys to sports. As one of the most athletic girls we know she is a good basketball and softball player, as well as the belle of the ball at Skateland. Since girls' athletics and boys' are synonymous, it stands to reason that Ida has always at least one boy around.

DONALD LLOYD DEERING Hartland "Fudd"

Basketball 1, 2, 3, 4; Letter 2, 3, 4; Baseball 1, 2, 3, 4; Letter 3, 4; Winter Carnival King Candidate 4; F.F.A. 1, 2; Secretary 2; Senior Play 4.

"Fudd" has access to a car with which he transports girls to St. Albans after ball games. Girls note: "He is the bashful bachelor type." He divides his time between playing basketball and baseball and tinkering in his brother's garage.

To Wayne a
great basketba

GORDON LEROY DEERING Hartland "Squee"
Civic

Winter Sports 1, 2; Orchestra 1, 2, 3, 4; Basketball 1.

"Squee" is one of those lucky boys who own Buicks. He has found it convenient on several occasions, the most memorable of which was the trip to Bangor to get ads for our "Noble Ripple." Other than girls, Squee's biggest weakness is behaving in class.

PHILIP WEBSTER EMERY Hartland "Phil"
Vocational

F.F.A. 1, 2, 3, 4; Winter Sports 1, 2, 3, 4; Letter 3, 4; Baseball 1, 2; Cross Country 1; F.F.A. Basketball 1, 2, 3, 4; F.F.A. Judging Contest 1, 2, 3, 4; Basketball 1, 2; Touch Football 1, 2, 3.

"Phil" is very popular with the girls and he also owns a car. He loves to ski and is proficient in every phase of it, especially jumping. At every carnival he takes home some blue ribbons from jumping and other events. It would have been a sorry year without "Phil."

MARJORIE LILLIAN HART Hartland "Margie"

Cheerleading 1; Softball 1, 2, 3, 4; Letter 4; F.H.A. 1, 2, 3, 4; Officer 2; Glee Club 1, 2, 3, 4; Ripple Board 3, 4; Senior Play 4; Winter Sports 3, 4; Office 2; Library Club 4.

Who's that laughing? Must be our Margie. No matter how hard the exam or how stiff the punishment, Margie always has something to smile about. Like most smiling girls, she likes the boys. May your smile carry you through a happy life, Margie.

LLOYD FREDERICK HUBBARD, Jr. Hartland "Cy"
Civic

Basketball 1, 3, 4; Letter 3, 4; Baseball 1, 3, 4; Letter 3, 4; Winter Sports 1; Prize Speaking 2, 3; Winner 3; One-Act Play 1, 2; National Honor Society 4; Senior Play 4; Touch Football 1, 2; Ripple Board 4; Ripplette Staff 4; Delegate to Dirigo Boy's State 3; Cross Country 1; Class Will.

"Cy" is the socialite of the senior class. He is a most remarkable athlete when his name is not atop the casualty list. He was the "big time" center of the basketball team and was in "left field" literally as well as figuratively on the baseball squad. Best of luck at Maine "Cy."

RONALD SYLVAUS HUGHES St. Albans "Ronnie"
Civic

Library Club 1, 2, 3, 4; President 2, 4; National Honor Society 3, 4; Basketball 1, 2, 3, 4; Assistant Manager 3; Manager 4; Letter 4; Cross Country Assistant Manager 3; Manager 4; Letter 4; Track 2, 3; Assistant Manager 2, 3; One-Act Play 3; Senior Play 4; F.F.A. 1, 2; Baseball 1, 3; Assistant Manager 3; Prize Speaking 3; Office 4; Ripple Board 4. Invocation.

"Brute" or "Reverend" as Ronnie is sometimes called, is active as manager (in) many sports around H. A. He does a very good job as President of the Library Club and in Physics and American History Class he accomplishes much as a speaker. Best of luck in the future, Ronnie.

Post-graduate Diploma.

Is there any school activity that Jimmie hasn't tried out for? Yes, girl's basketball. I'm sure he would if he could qualify. Not only is Jimmie noted for sports but studies as well. As a member of the National Honor Society and Valedictorian of the class, he has carried off many honors. Jim is also our noble class President who has tried to keep us in order over the destination of our class trip "New York or Montreal"??? We know he will make out well at Colby.

ROBERT MINOT LUCAS Hartland "Swag"

Cross Country 1, 2, 3; Letter 3; Basketball 1, 2, 3, 4; Letter 2, 3, 4; Baseball 1, 2, 3, 4; Letter 2, 3, 4; Senior Play 4; F.F.A. 1, 2; Vice-President F.F.A. 2; Carnival King Candidate 3; King 3; Address to Undergraduates 4.

"Swag" is often seen en route to Pittsfield. It seems there is a girl there by the name of Sylvia. He is also one of the athletes in the Senior Class. His long curly hair was sheared off on his Florida trip. He was warned to be careful of those "Reb" barbers.

SHIRLEY ELAINE MERRILL St. Albans "Turk"

1st Honor Essay

F.H.A. 1, 2, 3, 4; Officer 1, 2, 3, 4; Prize Speaking 2, 3; Winner 2, 3; One-Act Play 3; National Honor Society 3, 4; Cheerleading 1; Letter 1; Basketball Manager 2, 3; Letter 3; Citizen of Girl's State 3; Senior Play Cast 4; Class Officer 3, 4; Alumni Award 3; Citizenship Award 2; Ripple Board 3, 4; Ripplette Staff 3, 4; Softball 1, 2; Latin Club 1; Officer 1; Glee Club 1, 2; Office 1, 2, 3, 4; Winter Sports 2, 3.

"Turk" is one more of H. A.'s honorable students who came here from St. Albans. Her quick comebacks and other antics have kept more than one class in stitches. Shirley's ambition is to become a nurse. She surely has the patience and personality for it. None of the patients will talk back either.

HAZEN EUGENE MILLS Hartland "Haze"

Orchestra 1, 2; League Spelling 4; Senior Play 4.

"Haze" was the sound effects man for the Senior Play. It was quite an effect too when in Act I the records that were supposed to play didn't. He proved his versatility when he helped the Spelling Team to the Central Maine League Championship.

"Nonie" is the musical section of the class of '52. She plays the piano, the trumpet, and also sings. During her years at H. A. she has sold much candy to hungry schoolmates. As Jane of "Our Miss Brooks" she really made a hit. Best of luck, Nonie.

CLIFTON LEROY RUSSELL Hartland "Kip"
Vocational

F.F.A. 1, 2, 3, 4; F.F.A. Basketball 1, 2, 3, 4; F.F.A. Basketball Mgr. 3, 4; Cross Country Mgr. 2; Touch Football 2, 3; Winter Sports Mgr. 4.

"Kip" is one of the harder working boys in H. A. He has so many jobs that he doesn't have too much time for fun, unless one calls driving a truck or snowplow fun. He is a loyal follower of all of H. A.'s activities and is willing to help anyone.

Class Prophecy.

"Pat" is a frequent visitor in Madison as of late. It happened at Jamaica Point where Pat worked last summer when the milkman (Roscoe) rang twice. Pat seems to be a "Literary." She is Co-editor of the school paper and literary-editor of our Ripple. She also does a fine job as an actress, as was shown by her portrayal of Miss Brooks in our Senior Play.

"Ken", "Ace", and "Swish", are only some of the names athletics have bestowed upon our Ken. Ken is so modest that he could think of nothing to be remembered for, although he was one of our basketball stars and one of the best baseball players in the state. In contrast to athletics he was also outstanding in the League Spelling Contest. Best of luck Ken. Class History.

If Dolly comes to school in the morning singing "Bell Bottomed Trousers," we know that Phil Gardner is home. For a girl who was so active her first 3 years Floss is surely quiet now. Could it be because of the diamond she is wearing? Her main weakness seems to be keeping quiet in study hall, though.

This is a pathological disease called baseball. Pete's one ambition is to be like Ed Lopat. "Jackie" is engaged! Ray is the lucky fellow. Since Ray is serving in the Army she spends most of her time going to and from the Post Office. Her natural trait is a desire to see the world. When rumor had it that the Seniors might "not" go to New York, Gig organized her Amazons and was ready to start a war. In June Jackie is going to start her career as a beautician. "Audrey" hailed from the town of Newport at the beginning of her Sophomore year. Since then she has been a member of the Cheerleading Squad and active in the F.H.A. She also did a wonderful job in the Senior Play as the ill-tempered Rhonda. To us, her career is still unknown.

Clare comes to school only when the weather prohibits hunting or fishing. On any fall or winter day when the wind is calm and the sun is shining one may surely find Clare's name high on the Absence list. His main weakness is talking and acting like our "George and Clarabol."

"Effie" is one of the athletes of the "Noble Senior Class." Her four years of basketball have really been good ones. With her points we have won many a game. Not only is she good in sports but in studies as well. Although Effie is apt to be quiet at times her personality has made her very popular throughout the school.

When it comes to Winter Sports Barb is tops. It is very seldom she doesn't win in those dashes. I'm sure the girls will miss her next year. "Barb" has red hair and the temper to go with it. We hope she doesn't use it too much on Linwood, you see that's the guy she is to marry in June.

GRANDMA SEES THE LIGHT

One bright Sunday afternoon in December, I started out into the country. About five miles in, on a back road, lived my grandmother. She was a lovely lady, but had never had the comforts that electricity could bring. Reddy Kilowatt had never reached that far. It was fun for me to visit there, because, at our house we had had electricity for a long time.

After visiting there for two or three days I said to grandmother "I should think you would like to have electricity brought into your home."

She said, "Jill, I have never had electricity and I am quite comfortable without it."

"Grandmother, let me tell you how some of the electrical appliances could help you in your work each day." "Well," she said, "I'll listen."

"Let me tell you the story of the incandescent light. Thomas Edison invented it. It was the first successful carbon-filament lamp. It consisted of a thread of carbon, in a sealed glass globe from which the air had been pumped out. Now they are produced in quantities and are very cheap. Today we have an abundance of good clear light, wherever it is needed. Good reading lamps, a desk lamp, porch or yard lamp, and one above the kitchen sink. They all give us light where it is necessary.

In the early days, there used to be quite a danger from electric wiring. Now they are covered well with insulation. Fire might result when the

insulation is worn off from both wires. The bare wires might come in contact with each other, to ignite with some wood or other combustible materials. Even then chances are that the fuses would be blown in the cut out box before that.

I want to tell you about the deep freeze. This has certainly saved us a lot of labor, and the food looks and tastes fresh. It is very simple to operate and is no worry. All one has to do, to stop or start the freezer, is to simply insert the power-cord plug into an electric outlet or remove it. One thing that is handy, if small children are around, is that to regulate the temperature in the freezer, one must first insert a key into the slot. Accidental changing of the control position is avoided by this design. There is an automatic warning bell, which sounds an alarm, when the temperature increases, twelve or more degrees above zero. Once the alarm is set in operation, it will ring continuously for 40 hours. Some of the conditions that will cause the bell to ring are (1) Large quantities of food placed in the freezing area at one time (2) Failure of the electric power (3) Accidental removal of the power cord plug. (4) Trouble with the freezer.

There is one important thing to remember though. If frozen foods are removed from the freezer and allowed to thaw, do not attempt to refreeze them.

The refrigerator stores food which does not want to be frozen. It helps

keep bacteria from spreading. Refrigerators also have small compartments for freezing foods.

Shall I go on, grandmother?"

Grandmother said, "Yes, so far it is rather interesting."

"Last summer my Mom and Dad bought a wood and electric stove. The electric part is very handy and is clean and cool in the kitchen. One doesn't have to worry about a burner blowing out when one has doors and windows open as one would with gas, and there is no fuss with fire or matches. All you have to do, is flip the button, and Reddy is there, to heat whatever you want. You can put a whole meal in it, and have Sunday dinner ready, when you get home from church.

Another labor saving device, which is very handy is the electric washing machine. This eliminates all the back breaking labor over the washtubs. We have a Cosy Spin-dryer which comes in very handy.

We have many other things, such as the electric meat grinder. This would come in very handy during hunting season if Grandpa should happen to get a deer.

The new Mix Masters give you many advantages. It has many attachments which can be used as a food chopper, meat grinder, a butter churn, and many others. The Mix Master has an automatic dial, automatic beater. It makes lighter and finer textured cakes.

The automatic iron can do a neat job on your clothes. You can keep cool and comfortable during the process of ironing. It must take a long time for you to heat up the irons on the stove doesn't it grandmother?"

"Yes, it does but I am never in a rush for it," Grandmother said.

There are fans for keeping cool in the summer, small heaters for warmth on cool days; radios in the house and barn bringing world news while it is new; clocks that need no winding. Grandma, you must have to heat bricks and salt bags to keep you warm."

"Yes, I do sometimes, but it doesn't get too cold very often."

We have heat lamps and heating pads that warm us and comfort our aches and pains."

"My, your electric light bill must be high?"

"Not at all, grandmother. I will tell you truthfully, electricity is one thing our family enjoys paying for. This is a farm families' best investment in present pleasure, and future health and happiness."

"I think Jill, you have finally made me decide. We are going to have electricity put in, in the spring."

"Splendid, Grandmother, you will never be sorry."

BIG FISH

In these days of wishful thinking and fond remembrances of the past, there comes to me the story of the big fish as told to me by great grandfather Jack Tibbetts.

"It was one o' them cloudy, slow moving days," began Jack with a deep sigh, adequate forewarning of a **real** tale of Jack's experiences in his younger days. "I wa'nt doin nothin, at the time, cept pulling up a few old redwoods for the old man. As I wuz

sayin, it looked like a good day for fishing, so I struck out.

First thing I did," went on the worlds greatest liar, "wuz to go after some bait. In them days no one ever thought of using angle worms for bait! I went down in the swamp and came back with a couple dozen of them ten-twelve foot swamp snakes. Durned if I didn't have quite a time catchin em, too. Musta been at least a half an hour.

Then I went down and picked up muh boat. I'd been lucky; a year or so before that I'd got a second hand whaler offin a fella that had got too old to do any more whalin. Well, I lit out with all my riggin aboard. Right after I'd got muh bait, I'd up and thought of them there redwoods I'd been pullin up for the old man. I went and trimmed one of em up for a rod. Next thing I did wuz to hook up four or five of them steel drums for a reel. I sneaked into the old govmint supply house and lugged off ten-twelve miles of that there steel cable. When I'd got that stuff rigged up, I wuz ready for the kind of a fish that I wuz after.

After I'd rowed the old whaler out a couple dozen miles," continued Jack modestly, "I dropped muh anchor and started fishing. First cast wuz kinda bad. Only got five or six miles outen it. Got a awful back lash. Anyway, after a while I got her straightened out and I got a pretty fair cast that next time. Musta made nine or ten miles, I guess.

Well say, I hadn't reeled in over a mile or two o' that line when I got a strike that musta shook Pokahontus! I give a yank and set the hook. About that time that fish broke

water. The son-of-a-gun was plenty mad, and worst of all he saw muh boat and I begun to hawl muh line in. I tell you, son, I could handle a reel in them days, but I wuz'nt no match for that critter. I seen that I had to do something, so I did it!"

Old Jack leaned forward in his chair, his eyes glistening. "I vaulted over the rail of muh old ship and I started running. Yuh know son, that there Bible ain't so far off. If a fella runs fast enough, he can run on the water. I knows thats a fact, cause I did it that day. I'd just got out of range a little bit when that fish hit muh boat. Fellas told me afterwards that splinters fell steady for two days afterwards. One fella brought me the old name plate and claimed he'd picked it up forty miles away. 'Couse he might stretched that a little.

Well, the next thing that blasted fish did was try to overtake me. He made a mistake that time though; I'd already got a two-three mile start on him. I finally made it into shore and the fish had to turn on accounta the water got too shallow fer him. That made the critter pretty mad, and he carried on so out in that there water that she steamed for two weeks afterwards. Three kids got scalded pretty bad when they tried to go swimmin there that week.

I fought quite a battle with that onery cuss for about three hours. But like I say kid, clean living will always win out. I noticed that fish wuz weakenin just a little. Finally I got a little slack and I thought of a way to outwit the critter. Quick as a flash I jumped into the edge of the woods and wound that there cable line around half a dozen of them redwoods.

I think that fish knew what I wuz doin for he got awful mad again. He started out to open water again, and I could see that he reely meant business! Pretty soon he came to the end of the line. I knew somethin terrible wuz going to happen! I could see that line tightening up like a rubber band. About that time everything let go. The pressure got so great that that big fish was yanked clean out of the water. Then that line started to contract back to place. With that line coming back together and the trees straightin up again, I'm telling yuh that fish wuz reely comin. From then on things got a little hazy. I remember an awful crash, and everything kinda went black. I don't know how long I wuz out, but I finally came to, and had to dig myself outer a big pile of rocks.

Now son, I ain' never told this to anyone, cause the most o' folks wouldn't believe it anyhow; but, my boy, thats how the Grand Canyon was formed!

Yes suh, them there days are gone for good," sighed old Jack dreamily, and settled back peacefully in his old rocking chair.

SPORTSMANSHIP

When I speak of sportsmanship, I think of it as rather a broad term. Sportsmanship itself is not what most people think it is. Some athlete may be said to be a good sport. Well, maybe he is, but just because he is the best player on the team does not always mean that he is the best sport. He may be an exceptionally good ball

player but he can not take a loss. He gripes about it for a week and says the referees were no good. Maybe it was partly the referees' fault. But a referee is not all to blame. He is just as capable of making a mistake as the basketball player is when he fouls someone. If he were perfect he would not be refereeing. That is just one of the examples of not showing good sportsmanship.

Sportsmanship is not only shown or brought out by the athlete. Many of the fans show examples of sportsmanship, both good and bad. A person who goes to a game and razzes and boos the players and referees is not showing good sportsmanship.

Most of these fans don't know what they jeer about anyway. If they did they wouldn't do it.

Now that we have seen one side of the picture, let's look at the other. People, and teams are all trying to win over their competitors of course. However, the game should be played right and both winner and loser should take it with a smile, because there is always someone or some team who is better than the other. There has to be a winner, and there has to be a loser in all games. Good sportsmanship is shown when the loser congratulates the winner, and when a person can work with other people and not by himself to get self-recognition.

HOW TO CONDUCT A CLASS MEETING

Have you ever tried to conduct a class meeting? It is a lot easier to sit

back and tell some one how to do it but it is another thing to get up front and conduct a good class meeting.

The best way to conduct this meeting is by parliamentary procedure. This procedure is a set of guiding rules for conducting a meeting, so named because it has developed from the rules of order used for many years in the English Parliament.

The success of a class meeting depends upon the members of the class as well as the President. You must remember when you start that not everything is going to turn out the way YOU want it. Someone has to give in and the class certainly gets no place by arguing.

Parliamentary procedure is held thus:— The President calls the meeting to order and the room becomes quiet at once. He will see that only one question at a time is discussed. A student, wishing to present a question, will rise and wait until he is recognized by the President — then present his question. When a motion has been moved and seconded the President should ask if there is any discussion. This is the time when the students should get up, one at a time, and state their views on the matter. After the discussion the President will take a vote. The subject will either be accepted or thrown out.

When a class meeting is held and everyone tries to talk at once, people don't try to agree, and some don't say anything at all; nothing will be decided and consequently it's just a waste of time.

Let's try to conduct more orderly class meetings.

“WHAT'S HAPPENING TO OUR TOWN MEETING”

Back in the 1700's when town government was born, the town meeting was regarded as the most democratic of all forms. When town meeting day rolled around all the citizens met to hash over the problems of running the town. The choosing of officials to run the town affairs was the main business matter. The town meeting was simple and the business matters were not at all complicated. Nearly everyone present could understand what was going on at the meeting

The town meeting of today is certainly a change from the town meeting of our forefathers. Today there are many citizens attending who don't even know what is going on during the meeting. The financial and business matters have arrived at a state where most find them complicated. They vote for certain appropriations which they don't even know how or why they are to be spent; and, most of the time, the town officials don't bother to explain them to the people, unless they are asked to do so. Maybe the reason why many don't know what is going on is due to the fact that they don't bother to study and to talk over the meeting as they should. The citizens are not educated on this topic! Our schools don't teach nearly enough about town government. After all, it is something we will all be faced with someday.

SENIOR CLASS

"Just think, we are seniors," has been the glad cry of each of the 24 members of our senior class since last September. Room 4 was presented to us as our home room with Mrs. White as our home-room teacher.

At the beginning of the year we elected James Jamieson as President, Ethelyn Wheeler, Vice President, Shirley Merrill, Secretary and Daniel Snowman, Treasurer.

On November 20 we presented our Senior Play. It was a Comedy in three acts entitled: "Our Miss Brooks." The cast of characters was as follows:

Miss Brooks, *English teacher*
 Patricia Scribner

Miss Finch, *Librarian*

Ethelyn Wheeler

Hugo Longacre, *Athletic coach*

Daniel Snowman

Mr. Wadsworth, *Principal*

James Jamieson

Miss Audubon, *Music teacher*

Students

Ted — Lloyd Hubbard, Jr.

Elaine — Marjorie Hart

Jane — Wynona Parker

Sylvia — Barbara Whitten

Stanley — Ronald Hughes

Marge — Jacquelyn Vining

Faith — Dolores Stedman

Rhonda — Audrey Wark

Martin — Robert Lucas

Mrs. Allen, Rhonda's mother

Shirley Merrill

Two basketball players — Donald Deering and Ken Southard.

The total profits from the play were \$194.71.

The question of where to go on the class trip brought up much controversy between the boys and girls. Most of the boys wanted to go to Montreal whereas the girls wanted to go to New York. After voting several times New York was decided upon. To raise money for this trip and for graduation, we sold hotdogs at the basketball games this year. Also we have sponsored several suppers and the Gene Hooper Show.

The boys played basketball games for our benefit and the F.H.A. Club sponsored an April Breakfast.

Those who are planning to go on to school are: Shirley Merrill, Bates College; James Jamieson, Colby; Jacquelyn Vining, Pellitier Beauticians School in Lewiston; Pat Scribner, Husson; Lloyd Hubbard, University of Maine; Daniel Snowman, Husson; Robert Lucas, University of Maine.

We led in the Magazine Campaign this year. A total of \$57.02 was secured for our treasury

JUNIOR CLASS

The Juniors began the year with 29 jolly students. We marched into Room 2 with a new air of importance. It seemed almost impossible that we finally had our own room with Mr. White as our home room teacher.

The class held a meeting and the following officers were elected:

- President — Linwood Soule
- Vice President — Douglas Tibbetts

- Secretary — Juanita Taylor
- Treasurer — Jacquelyn Cool

Two students, Douglas Tibbetts and Clark Connelly, became new members of the Honor Society.

Our candidates for Winter Carnival King and Queen were Linwood Soule and Nellie Crocker.

We had a traditional Sophomore Hop in the fall with Red Dunphy's Orchestra. It was the first Semi-formal of the school year. The Sophomores also had a Christmas Assembly and gave the play, CATCHING UP WITH CHRISTMAS. Our home room teacher, Mr. Boterf, did a good

job coaching the play, even though we only had a short time to prepare it.

The Sophomores go all out for extra curricular activities. We have a number of girls on the basketball team and several boys help make up the J.V. and Varsity teams. Two girls made the cheerleading squad and several of our boys starred in track. One can always find at least one, if not quite a few, in sports at H. A. Our Winter Carnival candidates were King and Queen this year and our Candidate became Queen last year, also.

Consisting of Hartland, St. Albans and Palmyra students, the Freshman Class got underway last September.

Just as school was getting underway, the whole school (including the faculty) was very sorry to hear that the jolliest of jolly jokers in the Freshman Class had to move to Florida. This particular student was not Harry Buffington, but THE HARRY BUFFINGTON, the only Harry Buffington of his kind. We all hope he will be back next spring.

At the election of class officers the following were put into office:

President	Douglas Emery
Vice President	Robert Getchell
Secretary	Vondell Estes
Treasurer	Noreen Russell

The home room teacher until November was Miss Louise Snow, and from November on, the home room teacher was Miss Mary Kane.

STUDENT COUNCIL

September 17, 1951 the Student Council of H. A. began its sessions for 1951-1952. At this meeting the following officers were elected:

President — James Jamieson

Vice President — Clark Connelly

Secretary — Patricia Scribner

Treasurer — Ethelyn Wheeler

The magazine campaign was a big success this year. It was voted by the Council that one half of the total profit earned from the campaign would be divided between the two highest selling classes according to ratio. The other half was turned over

to the Student Council to be spent for movies to be shown at assemblies.

Another subject brought before the Council was: "Should the Orchestra members receive letters?" It was voted that they should, but this letter should be different from the Sport's letter. These letters will be bought by the Student Council. An Orchestra member wanting to receive a letter must fulfill the same requirements as to receive a letter in sports.

The Hartland P.T.A. gave the Student Council \$50 to use for some worthy cause.

NATIONAL HONOR SOCIETY

The National Honor Society is a Nationwide Society sponsored by the Principals of the Secondary schools of the United States. In order to be a member the student must not only have a high scholastic standing but must have demonstrated, during his school years outstanding character, leadership, and service to his school.

The membership of this society is naturally limited to a certain number of each class who have excelled in these four points.

Last year the initiation was held at East Corinth with members from Foxcroft Academy acting as a degree team. This year the league is arranging its own initiation and Hartland is responsible for the part relating to "CHARACTER." This initiation is to be held at Corinna Town Hall on May 8.

In order to remain a member of this society the student must retain his high marks and keep up his outstanding points to his school.

Newport 45, Carmel 45, E. Corinth 68, and Hermon 71.

Mr. Stanley, a former teacher at M.C.I., did an excellent job as spelling master. We took second, third and fourth place in the contest and won the trophy by 10 points. Let's hope they do even better next year.

under the Dewey Decimal System. We do appreciate all cooperation while working on the program.

In my opinion a benefit to the Library Club would be some new novels. The ones we have are beginning to look a bit dilapidated.

Another thing would be another book case so we would have room for our books.

Mrs. White has donated some novels to the club and we appreciate the favor.

We would appreciate the students' cooperation in observing the rules of the library and in helping to keep its' standards as high as possible.

ORCHESTRA

The Hartland Academy Orchestra although smaller than it has been in past years produces music which is just as good.

Mr. Glenroy Lamb is our able teacher-conductor-arranger.

Even though it is smaller this year it has better balance, with no section "drowning out" another. The only

fault found with our instruments is the fact that we lack drums and a drummer.

Every player seems to have a good time and we have had almost 100% attendance by members.

Our instructor is Glenroy Lamb.

Nellie Crocker, the pianist, handles the keyboard like a professional.

We sang at a P.T.A. meeting and expect to sing at Junior Prize Speaking and Graduation.

<i>Adviser</i>	Mr. Broomhall

The following is a list of activities which the twenty-three members in the Hartland Chapter F.F.A. boys took part in.

The summer of 1951 the boys grew two acres of beans for the canning factory which proved very satisfactory.

The school year has found the

F.F.A. taking part in other activities. We sold Christmas cards to earn extra money.

On December 14, 1951 the F.F.A. boys sponsored a Christmas Party, which seems to be the ideal annual event. This party was attended by a large majority of the F.F.A. boys and the F.H.A. girls. Anyone who has attended one of these parties has had an excellent time.

We also sold Eastern States seeds in competition. Keith Bubar was high salesman.

Plans for a dance, spring trip, Father and Son Banquet and a summer project are in the hands of committees.

BOYS' VARSITY BASKETBALL

The varsity basketball team enjoyed a very successful season this past year. Although we did not win the C. M. L. Championship, we defeated the winners twice in regular league competition. We finished second in the league and third in the league tournament. We started off strongly but we seemed to hit a snag on our away games. Away from home we won only 4 games and dropped 9 while on our home court we won 10 and lost 1.

Mr. White did a splendid job coaching us and deserves much credit.

Mr. and Mrs. White gave us a supper shortly after the season ended and we elected Philip Deering as next years' captain succeeding Ken

Southard who served this year as captain.

The J. V. Basketball Team played 11 games through the season. We won only 3 but we gained a lot of experience as we hoped we would.

Through the expert coaching of Mr. Boterf we hope to have some new varsity material next year.

Linwood Soule started with us but was soon moved up to the Varsity.

Excellent sportsmanship was displayed. When we were beaten, that was all there was to it, and we really experienced some very solid trouncings.

GIRLS' BASKETBALL

Fourteen eager girls went out for basketball this year. They adopted the title "The Squaws" to go with the boys title "The Warriors." They had 10 wins and 6 losses and tied one game with Newport. They played their first game at the Round Robin. Miss McKiel did a fine job coaching them.

Second row. K. Bubar, asst. manager, W. Knowles, R. Martin, L. Wyman, R. Hughes, manager.

CROSS COUNTRY

This year's Cross Country Team had a poor season, probably because the team was made up of new and inexperienced members, with the exception of three veteran runners.

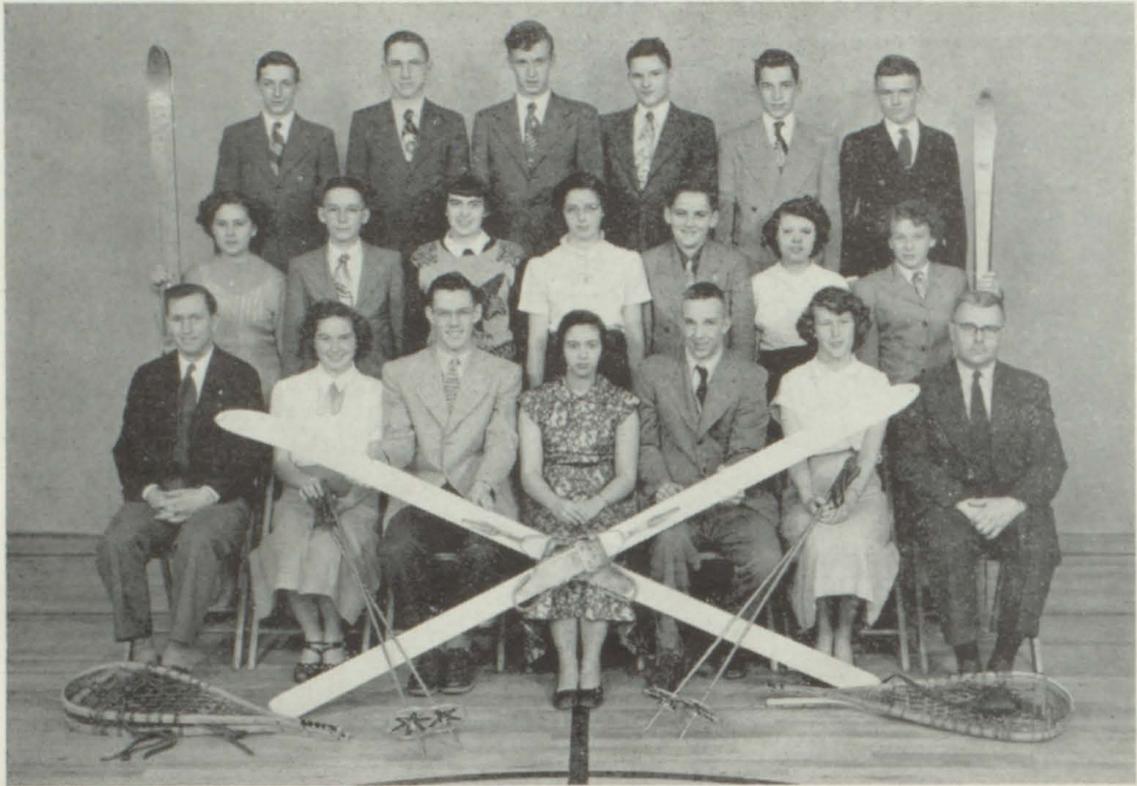

The whole team agrees that Mr. White had a lot of patience with us and we had a wonderful time on our trips. We are looking forward to next year when we hope to have a better and more experienced squad.

We lost all of the meets in which we participated this year. The schools

which we met were: Bangor, Old Town, University of Maine Freshmen, Dexter, Lee Academy and the State Meet at Orono where we took 3rd place in Prep. School Division.

This year's Cross Country Squad consisted of Capt. John Dow, L. Wyman, R. Martin, W. Knowles, R. Allen, E. Sprague, L. Soule, L. Waldron, and M. Stanhope.

 Third row. B. Peasley, E. Littlefield, L. Soule, D. Emery, C. Vining, J. Dow.

WINTER SPORTS

This year's team was poor compared to what it has been for the past two or three years. J. V. basketball interfered with practices because many of the boys who had previously taken part in sports took part in J. V. Basketball instead. The following people made up the team: Snowshoers: Barbara Whitten, Eleanor Littlefield, Marjorie Hart, Darthea Hubbard, Meredith Post, Vera Weir, Marie Cromwell, Linwood Soule, Edwin Littlefield, Clifford Vining, Clarence Webber, John Dow, Kieth Bubar. Skiers: Patricia Scribner, Dolores Stedman, Philip Emery, Earl Sprague, Clark Connelly, and Basil Peasley. The managers were:

Clifton Russel and Clarence Webber.

We participated in meets at Skowhegan, Bingham, Monson, and Hartland. At our annual Winter Carnival Ball, Elmer Ballard and Joan Griffith were chosen King and Queen. The results of each meet were:

February 2 at Hartland

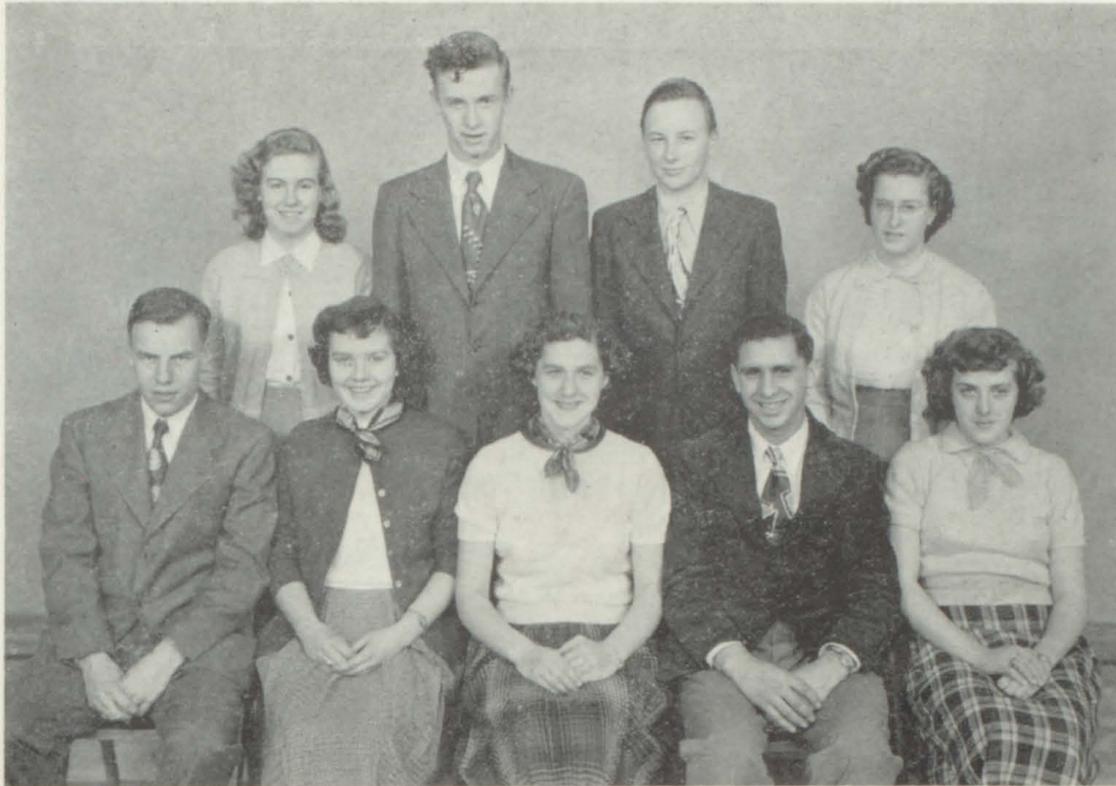

- 1 Skowhegan (boys) Hartland (girls)
- 2 Monson (boys)
- 3 Hartland (boys)

February 9 at Skowhegan

- 1 Skowhegan (boys) Bingham (girls)
- 2 Hartland (boys and girls)
- 3 Bingham (boys) Skowhegan girls
- 4 Monson

February 16 at Bingham

- 1 Bingham (boys and girls)
- 2 Skowhegan (boys) Hartland (girls)

KING AND QUEEN CANDIDATES

- March 1 at Monson
- 1 Skowhegan (boys) Bingham (girls)
- 2 Monson (boys) Hartland (girls)
- 3 Hartland (boys)
- 4 Bingham (boys)
- Our ski jump was completed this

year and had it's first real use at the Hartland meet. Snow conditions have been fairly good this year, especially compared to what they were last year. Mr. Broomhall has done an excellent job with the skiers.

BASEBALL

First row. (left to right) R. Martin, K. Southard, R. Webber, J. Jamieson, R. Martin, T. Williams, R. Lucas, T. Taylor.
 Second row. Norman White, coach, D. Tibbetts, D. Snowman, L. Hubbard, D. Huff, manager, W. Libby, C. Connelly, K. Bubar, P. Deering, ass't. manager, R. Hughes, ass't. manager.

BASEBALL

The members of last years' championship baseball team were: Bob Lucas, Jim Jamieson, Dan Snowman, Dick Martin, Cy Hubbard, Tom Williams, Rollie Webber, Don Deering, Doug Tibbetts, Turney Taylor, Larry Waldron, Clark Connelly, Wayne Libby, Keith Bubar, Ken Southard, and Ray Martin.

The boys had an exceptionally good season last year, winning twenty-one and losing only three in their long schedule. Newport and Bingham beat us in regular scheduled games and Eastport beat us in the tournament playoff game at Garland Field in Bangor. We had a strong battery last year. For pitchers we had Kenny

Southard and Jimmy Jamieson as veterans, and Doug Tibbetts, Larry Waldron, and Turney Taylor as newcomers, who proved themselves pretty good. For catchers we had Donny Deering and Bob Lucas. As Donny was hurt in one of the games Bob did most of the catching last year.

We were fortunate last year to have Mr. White as our coach, as he did very much for the team.

The boys plan to have a good team this year because there will be many veterans back.

CHEERLEADING

R. LeVasseur, R. Wark, G. Jones, J. Griffith, A. Wark, B. Whitten.

CHEERLEADING

The cheerleaders of 1951-52 were selected by the faculty. Seven cheerleaders were chosen, Dolores Stedman, Audrey Wark, Barbara Whitten, Seniors; Joan Griffith, Gail Jones, Sophomores; and Roberta Wark and Rose LeVasseur, Freshmen. Due to ill health Dolores Stedman, head cheerleader was unable to cheer the last half of the season. Therefore, Gail Jones was chosen as head cheerleader by the members of the cheering squad, for the rest of the year.

There were two changes made in the cheerleading equipment. New megaphones were purchased and H. A. was painted on them, by our former head cheerleader, Dolores Stedman. The traditional open collar blouse was fastened at the neck by a black ribbon tie.

Several new cheers were produced by the members and learned by the squad and student body alike.

"The best thing for you to do is give up drinking and smoking, go to bed early, and get up early."

"I don't deserve the best, Doc. What's the second best?"

One of early baseball's most diverting characters was Chris Von Der Ahe, president of the St. Louis Browns. One day Chris called his team together and, pointing to some damaged equipment, demanded, "who's responsible for that?"

No one spoke.

"I'll get the vandal!" the president declared. "I'll pay a reward of \$100. for his name!"

"I know who did it," said Arlie Latham, the Browns' third baseman.

"Who?" Chris demanded.

"Gotta have the hundred first," Arlie replied. The reward was duly handed over, then: "I did it," he confessed.

Chris' big beefy face purpled with rage. "Is that so?" he roared. "Well, smart guy, for that I'll fine you fifty dollars." At the door he turned and declared grimly, "Nobody's going to put anything over on me."

Discussing the difference between "Altar" and "Alter."

"After you go to the altar, your plans are altered."

George: "You're a sweet thing, Anna - - -"

Helen: "But my name is Helen."

George: "Yes, Helen, and as I was saying, you're a sweet thing anna I love you with all my heart."

A husband drew up his chair beside his wife's sewing machine.

"Don't you think you're running too fast?" he said. "Look out! You'll sew the wrong seam. Mind that corner now! Slow down, watch your finger. Steady!"

"What's the matter with you, John?" asked his wife. "I've been running this machine for years."

"Well, dear, I thought you might like me to help you, since you help me drive the car."

"Lady, could you gimme a quarter to get where my family is?"

"Certainly, my poor man, here's a quarter. Where is your family?"

"At de movies."

If you think the words "night" and "evening" mean the same thing note the different effect they have on a gown.

An Indian in Arizona returned to the village for the third time to buy half a dozen bottles of cough syrup.

Druggist: "Someone sick at your house?"

Indian: "No sick."

Druggist: "Then what on earth is all this cough syrup for?"

Indian: "Mm- me likeum on pan-cakes."

Ronnie: "She's pretty as a picture."

Jimmy: "Yeah, nice frame."

Ken: "I've never seen such dreamy eyes."

Audrey: "You never stayed so late before."

A country hick took a beautiful but not so dumb city girl for a buggy ride.

Two miles from nowhere the horse died.

Quick to grasp the situation, the country hick sighs, "How about a kiss?"

The girl coyly asks, "What's a kiss?"

"A kis- ah, a kiss is something which thrills you through and through and puts new life into you."

"Oh goody!" says the girl. "Then hurry up and kiss the horse and let's go home."

A regular Army sergeant was ordered to see that the lawn in front of headquarters was watered each day. The sergeant, in turn, ordered a private to report, with hose, each day at 3 p m.

One day, during a terrific thunderstorm the sergeant caught the private in his bunk.

"It's three o'clock," he roared. "Why aren't you out watering the lawn?"

"But it's raining," protested the private.

"That's no excuse," bellowed the noncom. "You've got a raincoat, haven't you?"

Darthea: "How's Marjorie getting along learning to drive a car?"

Marlene: "Not bad — the road is beginning to turn now when she does."

Bobby A: "That phrenologist is wonderful. As soon as he puts his hands on my head, he told me my business was very dull."

Mert S: "He probably felt the depression."

Miss Kane, after catching Roger Coolen chewing gum, "I knew if you kept advertising that firm you'd get into trouble."

He: "I suppose you think I'm a complete idiot?"

She, gently: "Oh, well, none of us is perfect."

Johnny Dow: "What's the best way to teach a girl to swim?"

Linwood Soule: "First you put your arm around her waist, take her right hand in yours - - -"

Johnny: "But she's my sister."

Linwood: "Oh! Push her off the wharf."

He: "What would I have to give you for just one kiss?"

She: "Chloroform."

One time a married couple were out for a drive in the country. A heated argument started over a trivial thing. Angry words flew thick and fast till they soon had to stop to catch their breath. It was during this pause that they passed a donkey in the field. He was braying lustily.

"One of your relatives?" the husband asked sarcastically.

"Yes," she replied biting. "By marriage."

PERSONALIZED PORTRAITS

and it's all done with

LIGHTS!

There's magic in lights . . . add a light here, place a spotlight there, and your portrait takes on the appearance of real form and individuality.

Your Vantine photographer knows how lighting effects can be best used . . . How easily they can reflect your personality.

Your Vantine photographer knows best how to secure the sharply etched photograph your engraver desires of the important senior year . . . The victories of the athletic teams. The brilliance of social occasions . . . The Prom . . . The plays . . . The debates . . . The expression of everyday life on the campus.

That personalized portraits by Vantine are important is attested to by the fact that over 300 schools and colleges repeatedly entrust their photographic work to Vantine.
